- I really like how he takes time to explain any questions I had.
- I found Howard Han to be an exceptional instructor. He is very receptive to his students and willing to help. I appreciate how patient he is, and that he will attempt to explain something in different ways in order for us to understand. For me, when I presented him with an academic problem, he went above and beyond, in my opinion, to ensure I would know and understand the material. Unfortunately, due to circumstances out of my control, I will be dropping this class. \*\*It is my sincere hope that Professor Han is teaching in Spring 2024\*\* so that I may take classes with him again. He is an asset to Ventura College.
- Professor Han does a very good job at explaining our labs and making sure that everything is well in class by walking around and observing our work.
